

Men In Black 2

A No-body?

(23 mins) "If no-one knows he exists how can anyone love him?"

Talk: Ever felt like a no-body? Does anyone see who we really are?

Its easy to think that know one really understands us or even knows us but God has counted every hair on your head, he knows everything about you and he wants you to get to know him.

More to life?

(30 mins) "When we are young before people tell us what we should believe and how we should think we all know that there is more to life than this ... that there is something out there"

Talk: She is right, deep down we all know that there is more to life than genetic code and a series of accidents. There is something out their but its not aliens.

The true gospel

(65 mins) "TV show – it wasn't like that ... it was raining"

Talk: Its interesting how the retelling of the story changed it completely – the facts are still there but it has become cheesy and lost its passion. The same is true of Jesus ... especially his death. we here the story so often it becomes easy to forget what it must have been really like. ... lets not have a cuddely view of the gospel .. especially not the cross.

Chosen by God

(85 Mins) "you are the light, you are who you are – its your destiny"

Talk: Believe it or not God has chosen you to change the world, to ignore him is to ignore who you are. Its like getting to the end of the movie and NOT getting on the ship. accept your destiny – accept God
