

The Lion, the witch and the wardrobe

Not ashamed

(DVD Chapter 5) Lucy returns from Narnia and try to convince the other about the place and none of them can believe her and it does not seem to make any sense to them.

For a lot of people believing in God and that Jesus is his Son seems foolish but deep down we know it makes sense and is true. It is hard to stick to what you know and believe is true when others around you can't see it and even make fun of you for believing it. "I am not ashamed of the gospel....." Roman 1 v 16

Sins forgotten

(DVD Chapter 15) Edmund has messed up so many times. Getting his friends and others into trouble by betraying them to the evil queen. He is rescued by Aslan and is forgiven for all the things he has done wrong. Aslan restores Edmund and then tells the other not to bring it up any more because it has been dealt with and forgotten.

It is the same for us if we come to God and confess with our mouths that we have sinned, God forgives us and gives us a fresh start. Psalm 103 v 12

All fall short

(DVD Chapter 16) The queen arrives and wants an audience with Aslan. She says to him that it is in the Law of Narnia that if someone betrays another they are possessions of the queen and the betrayal must be paid for through their blood / death.

Because God is Holy / perfect any evil, wrong , sinful can not be in His presence. None of us are perfect (All have sinned Romans 3 v 23) and because we have all sinned we deserve not to be in God's presence / death (Romans 6 v23). That is God's Law

In our place

(DVD Chapter 17) Aslan has willingly gone to the stone table instead of Edmund. He is sacrificed in his place so that the Law can be fulfilled and Edmund saved.

It is the exact same for us. Jesus took the punishment that we deserved, death. He took our place so that we could have the potential relationship. John 3 v 16

Conquered death

(DVD Chapters 19 and 20) Aslan conquers death and comes back to life. Jesus did the exact same. He died on a cross, was put in a tomb and two days later he came back to life. Conquered death. This proves that he is the Son of God, that what he taught and said was true and gives hope for us today
